Education

University of Colorado, Boulder | Boulder, CO

Aug 2023 - May 2027

Bachelor of Science, Information Science | **Minor**, Creative Technology and Design | **Certificate**, User Experience

GPA 3.769 | CMDI Dean's Scholar Recipient FA 23', SP 25'

Relevant Coursework

Interaction Design, Information Ecosystems, Programming 1&2, Information Science Statistics, Design Foundations, User-Centered Design, Music as Information

Relevant Applications and Programs

Python, Figma, Excel, HTML, Tableau, Canva

Professional Experience

User Experience Design Engineer Intern

July 2025 - Present

CareDocs.Ai, Redmond, WA

- Designed and iterated user-centered solutions, from user testing feedback to high-fidelity mockups, using Figma
- Collaborated cross-functionally to align design with product and engineering, documenting specifications for seamless development.

CMCI Peer Advisor

March 2025 - Present

Department of Communication, Media, Design, and Information, Boulder, CO

- Advised undergraduate students on academic planning, including course selection, double majors, minors, certificates, and study abroad opportunities.
- Collaborated with CMDI advising staff to ensure accurate dissemination of university policies and enhance student success.

Information Specialist Intern

May 2024 - Present

Cascade Kidney Specialists, Bellevue, WA

- Analyzed physician workflows and optimized system templates to align with practice requirements.
 - Designed and delivered comprehensive user guides and training sessions, ensuring seamless staff onboarding.
 - Helped migrate almost 400 GB of patient/case history. Tested and validated system functionality, resolving issues swiftly to support uninterrupted operations.
-

Project Work

From Espresso to Eras: Analyzing Artist Growth Through Data

Sept 2024 - Dec 2024

Programming For Information Science 2

- Analyzed 15+ years of streaming data to reveal growth patterns between headliners and openers using Python, Pandas, and Seaborn.
- Scraped and visualized data from Spotify, Last.FM, and Kwordb.net to highlight music industry trends.

Man's Best Wingman

Jan 2024 - May 2024

Interaction Design

- Designed and prototyped a low-fidelity wireframe for "Man's Best Friend," a pet-centric dating app, leveraging user experience research principles and the information science lifecycle.
 - Collaborated with peers and teaching staff to ideate and execute a semester-long interaction design project, focusing on accessibility and multi-directional relationship-building functionalities.
-
